BRIEF INTRODUCTION TO CHINADA

CHINADA DCOs in Athlete Village - Beijing 2022

National Appreciation and Commendation
for CHINADA, Beijing 2022

Good Relationship with iNADO & ADNO

Meeting with iNADO in Lausanne in 2023

ADNO Visiting

CHINADA and ADNO renewed bilateral cooperation agreement

BRIEF HISTORY OF ANTI-DOPING IN CHINA

- **The three strict principles** “Strict prohibition, Strict testing and Strict sanction” ... But it still has some problems !
- Challenges we were facing:
 - Win clean medals requirement
 - High requirement of specialized & professional staff
 - Huge number of athletes
 - Large areas of land
 - Imbalanced provincial development in anti-doping

Strategic Plan (2018-2022)

Establish "win clean medals" long-term anti-doping governance system

- | | |
|---|--|
| 1 | Development Plan |
| 2 | Major Event Plans
(Tokyo2020+Beijing2022) |
| 9 | Implementation Plans |

Our Solution towards Problems

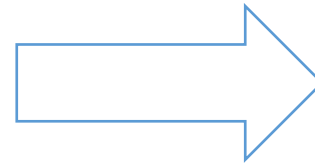

Based on carefully researches, we conducted field researches on 11 provinces during **2018-2019**

Hebei, Guangxi, Fujian, Hunan, Yunnan, Guizhou, Chongqing, Jiangsu, Liaoning, Beijing, Heilongjiang province.

Found out following difficulties were facing:

- Imbalanced development of PADO
- Insufficient anti-doping staff
- Lack of financial support
- Systematization and professionalization of work are not good
- Responsibilities are not clear
- Hard to identify risks
- Limited chance of experiences sharing

Solutions:

- Strengthened PADOs' Development
 - Organization & Function
 - Professional team
 - Financial
- Institutional construction
- Established real-time communication system
- Regular assessment and guidance

Develop Six-Step Construction Strategy

How to establish the system?

Guide for Provincial Organization System Construction (Released in 2019)

CHINADA make instructions for provincial anti-doping system construction, to ensure it established with:

- ✓ Clear responsibilities
- ✓ Improved systems
- ✓ Standardized management
- ✓ Coordination and cooperation
- ✓ Effective operation

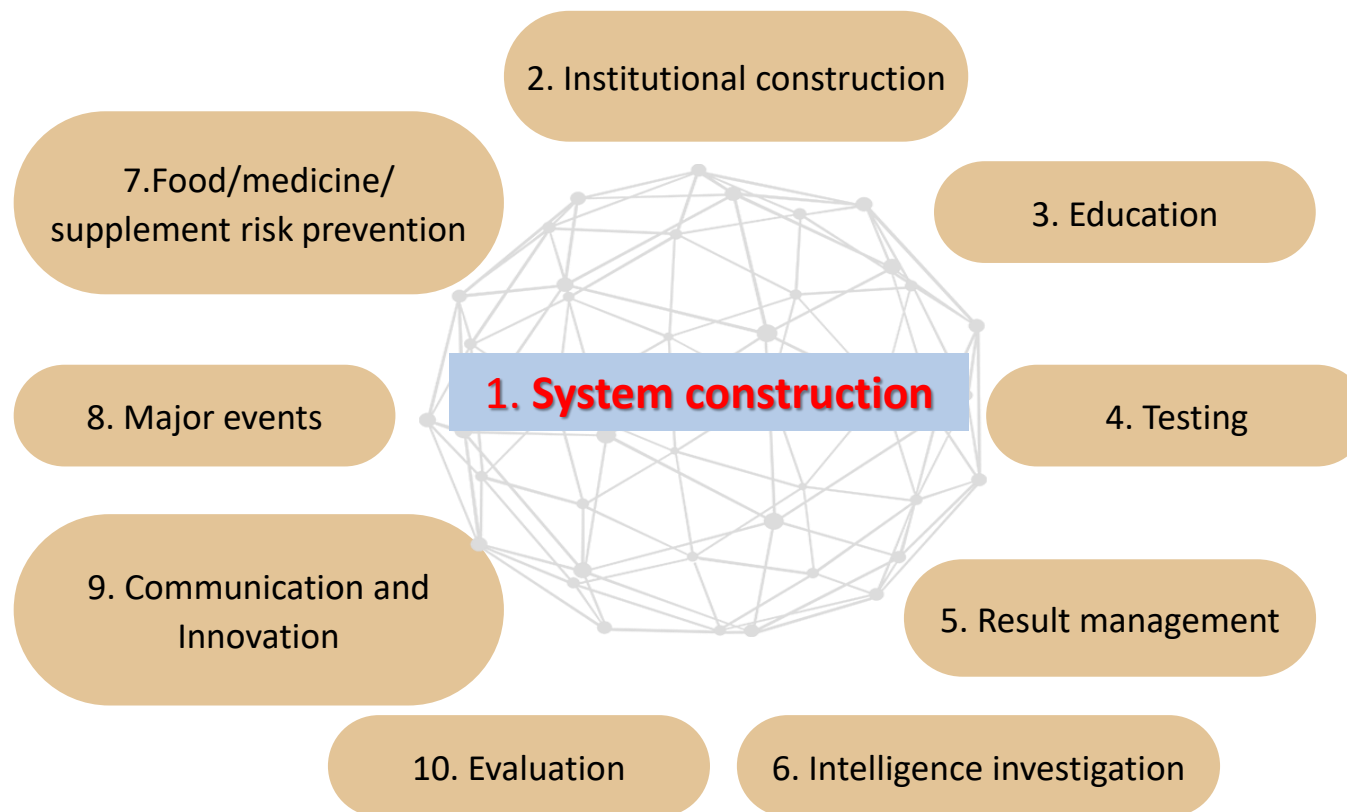

Clarify 9 Responsibilities of Provincial Anti-Doping work

List 5 Key points

- ✓ Strengthen the capacity building of Provincial Anti-doping Organizations (**PADOs**)
- ✓ Strengthen the capacity building of anti-doping personnel
 - **At least 3 personnel for each PADO**
 - **For highly developed provinces in sports, at least 5 personnel for their PADO**
- ✓ Increase anti-doping budget
- ✓ Strengthen anti-doping management system
- ✓ Strengthen support and guarantee

Model of best practice

In order to improve the professionalism in provincial anti-doping work and to further strengthen guidance on specific provincial anti-doping operations, we released “Model of Best Practice for Provincial Anti-doping Work” in 2021, 2 years after the release of the guidelines, and includes the following 10 areas:

The link between CHINADA and PADOs

□ Daily Communication

WeChat group

Members: 187

- ✓ Main responsible person of PSB and PADOs

Main functions

- ✓ CHINADA publishes announcements and information
- ✓ Provinces publish program updates and sharing experiences
- ✓ Real-time communications

□ Annual Training, Experience sharing, and Work Seminar

The link between CHINADA and PADOs

□ Supervision

Evaluation

Methods:

Document review, Online communication, Team research, Site evaluation, No-advance-notice research

□ Service & Guidance

✓ Training

➤ Anti-doping staff

➤ DCOs

➤ Education officers

✓ Experiences Sharing

✓ Personnel exchange

➤ PADO staff from Jiaoning, Shandong, Beijing, Tianjin, Tibet, Hubei, Guangdong Provinces

✓ Releasing Guiding information

The link between CHINADA and PADOs

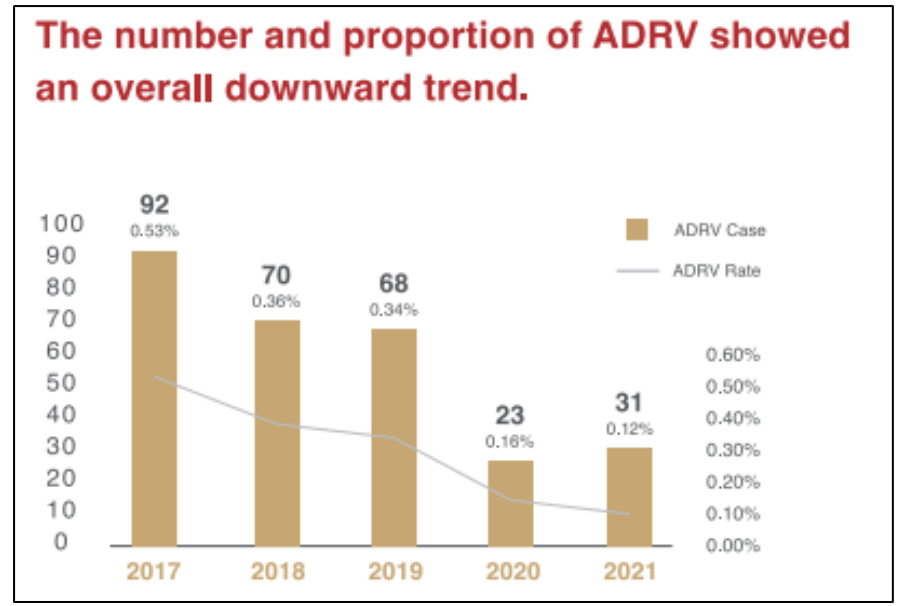

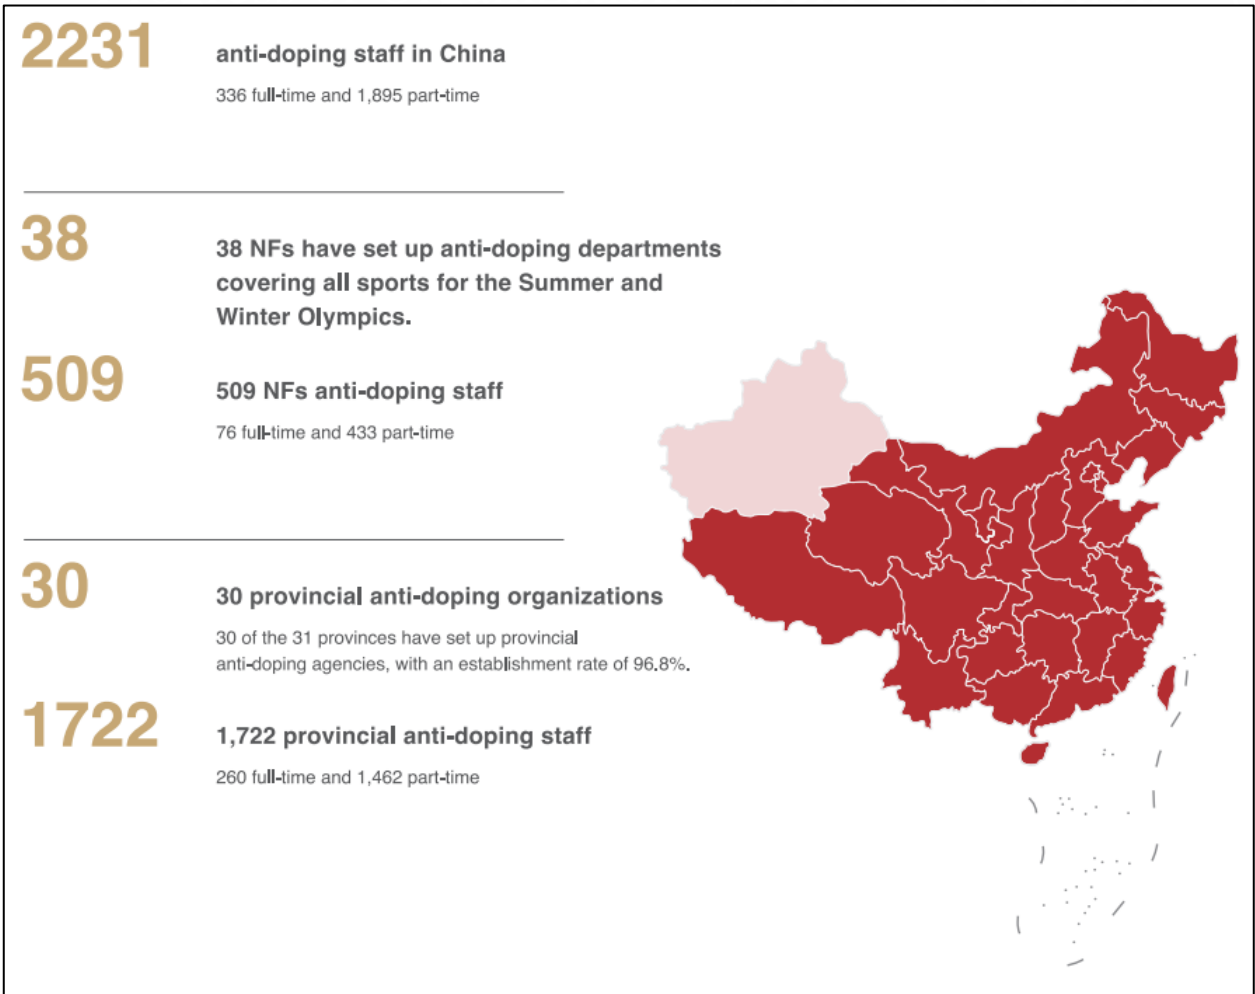

□ Reporting

PADO should report to CHINADA :

1. Annual working plan
2. Annual report
3. Annual testing plan
4. Updated information of PADO Anti-Doping Organization System
5. Other necessary report for specific issues

PADOs could also seek for supports or professional guidance from CHINADA, or give advice and suggestions

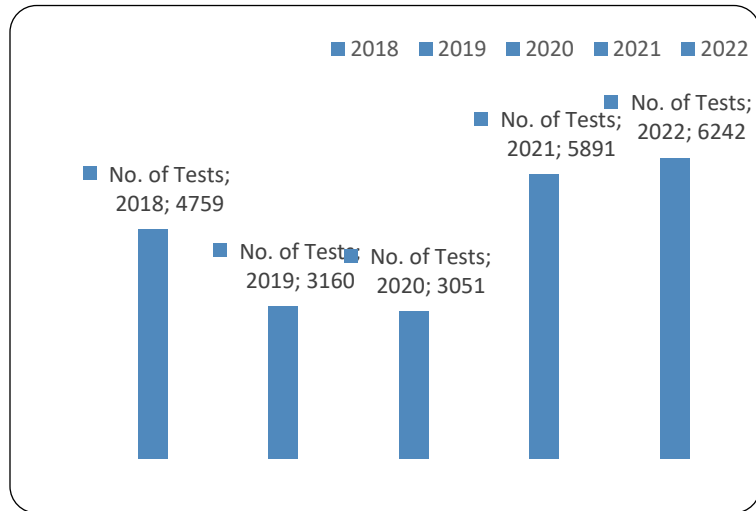

Progress of Organization system construction (2017-2021)

Progress of Organization system construction (2018-2022)

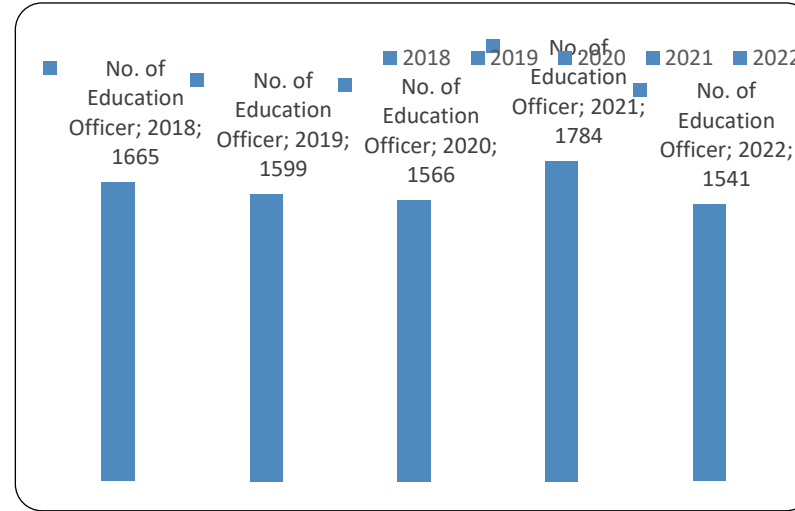

Client Service Tests for PADOs

Progress of Provincial Education

Anti-Doping Lectrues in two middle schools in Nyingchi City, Tibet, 2023

Multichannel publicity of Beijing Anti-Doping Agency

Our Experiences in promoting and enhancing PADOs' Capability

1. Comprehensive & full cooperations and coordination among all sides across the country
2. Highly supported by National and Provincial Sports Bureau, NFs, and relevant departments
3. Research-based, problems identified, proposing and improving solutions
4. Develop a reasonable and effective work plan
5. List detailed tasks and deadline, follow up programs
6. Building a doping risk prevention and control system based on the anti-doping organization system
