0-19 %	20-39%	40-59%	60-79%	80-100%

Figure 2: Slovak Anti-Doping Agency's scores on the six NADGO dimensions

## CONCLUSION

---

We have learned that we are doing a lot of our activities with best moral and ethic integrity on personal level.

SLOVAK  
ANTI-DOPING  
AGENCY

*The independence is not only affected by the paperwork management and set up of processes. The antidoping system is more likely about people disposing of the right personal and moral values.*
